Adopted four resolutions which were released to press
by Rhee on October seventh. Text follows in Seoul POLAD
No. 417, October ninth.

Department will note threats contained in these
resolutions which may mean that Rhee is determined to
force US to hold an election before decision is reached
at UN or to compel US to take action against him so
that he can appear in the light of a martyr. He and
his group are alone in agitating for a South Korean
election before Korea question is considered by UN.
Even Kim Koo and his group are not supporting Rhee in this.

It may also be observed that since subsidence of leftist
activities about middle of August, the chief cause of
disorder in South Korea has been the strong armed
methods of Rhee's rightist groups especially by his youth
corps.
