"From CHEJU (950 - 1150) comes the report that the 47 year-old wife of a prominent leftist in that town was beaten on 7 September 47 and is now recovering from a broken arm. A preliminary check shows that just prior to this assault a telephone call was received by her and some unknown person, who claimed to be a police representative, said he wanted to be allowed entrance to the house to search for papers. A check by CIC at the telephone office revealed that the only call to this house had been made from the home of a high provincial official who is reputed to be an advisor to the Right Wing 'Kwang Bok Young Men's Association'."
