(1) Police Chief Perturbed

The Chief of Police of CHEJU DO in a letter to the Chief in PUSAN states: "During my recent visit to PUSAN harbor, I discovered many trading ships whose destinations were ports in areas North of the 38th parallel. On investigation of this situation, I learned that extensive international trade is secretly being conducted by these ships, between areas South and North of the 38th Parallel. I fear a very serious international trade problem, unless something is done to prevent illegal sailings of this sort." (PUS/1753).
