MEMORANDUM FOR MR. PETRUS J. SCHMIDT
Principal Secretary
UNTCOK

SUBJECT: Final Registration Results.

1. I am attaching hereto a report from the National Election Committee of the final results of registration in all of the provinces of South Korea.

2. The National Election Committee cautioned, however, that this final report must be accepted tentatively because, in their belief, there may be a few minor changes in some of the totals.

MEMORANDUM FOR GENERAL HODGE

SUBJECT: Report of Daily UNTCOK Activities for Thursday, 15 April.

3. General Dean Appearance.--General Dean is being invited to appear before the Main Committee in order that his testimony on irregularities of election procedure and registration may accompany the observation group reports.

Manet said that even the testimony of the American Officer of Cheju Do who said there had been police beatings was not entirely unfavorable. It did probably more good than bad because it served to fully convince the Commission of the feeling, that was more or less unanimous, that the Americans were trying in no way to conceal the true state of conditions in Korea. This attitude of the Americans had led Patterson to state that the Americans are trying to achieve the same sort of election atmosphere that the UN wishes.
